PERSONAL STATEMENT

Einstein had put it in the best way - as our circle of knowledge expands, so does the circumference of unknown surrounding it.

As I learn & grow each day, I am humbled by the expanse of what lies out there, and what lies within.

I see knowledge the same way... The farther I reach, the more there is to discover, more to connect & more to interpret. I see intelligence as a multifaceted entity with each element being mutually inclusive of another. The closer I look, the boundaries between disciplines appear more blurred. It is the dance we do of calibrations & balances, of inventions & discoveries, of being found & lost to arrive at an answer of inherent beauty.

In an everlasting pursuit of beauty, meaning & alignment - within & without - lies my peace.

SKILLS

01 Software

Sony Vegas
Aduino & Processing
Visual Studio Code - Insiders
Adobe Photoshop

02 Hardware

Arduino & Sensors

Most workshop prototyping tools like lathe, drill, sander, wire saw, jigsaw, etc.
Experience with 3D printing.

LANGUAGE SKILLS

EDUCATION

- From 2020 to 2021
AISSCE (10+2 grade) in CBSE. Stream - Science (Physics, Chemistry & Maths)
Holy Cross Senior Secondary School Kapa. Raipur(C.G)
Score - 80.4%
- From 2018 to 2019
AISSCE (10th grade) in CBSE.
Holy Cross Senior Secondary School Kapa. Raipur(C.G)
Score - 71%

ACHIEVEMENT OUTSIDE ACADEMICS

Senior of the boys and girls wing
Later awarded and the Best NCC cadet 2016-17

The "Aims" of the NCC laid out in 1988 have stood the test of time and continue to meet the requirements expected of it in the current socio-economic scenario of the country. The NCC aims at developing Character, Comradeship, discipline, a secular outlook, the spirit of adventure and ideas of selfless service amongst young citizens. Further, it aims at creating a pool of organized, trained and motivated youth with leadership qualities in all walks of life, who will serve the Nation regardless of which career they choose.

Lean Six Sigma White Belt Issued by Binghamton University

The badge earner is able to define and identify the following concepts and principles that underlie Lean and Six sigma improvement methods: The history of Lean Six Sigma, distinguishing between Lean and Six Sigma, list the benefits of using Lean Six Sigma, define the roles involved in Lean Six Sigma, explain the Lean Six Sigma DMAIC framework, and recognize the 8 Wastes of processes.
